VetSurg Mascot

"My long time canine partner-in-crime and shelter rescue, Izzy, has been through a lot with some near death events and a handful of orthopedic surgeries. As a result, I'm supremely meticulous

with her care. VetSurg provided me with more peace and reassurance than I could have ever imagined possible. That kind of comfort for those who care for those with no voice is priceless. Thank you VetSurg!"

Our services include:

- Surgical Consultation
- Lameness Evaluation - orthopedic and nerve-based
- Orthopedic Surgery - arthroscopic assisted joint reconstruction, resurfacing and fracture repair
- Soft Tissue & Oncologic Surgery - laparoscopy, thoracoscopy, ear, nose & throat, abdominal procedures and cancer surgery
- Neurosurgery

A healthcare Team with your primary veterinarian

At VetSurg we work closely with the primary veterinarian and pet owner to form a healthcare Team. We strive to provide accurate, timely communication between all Team members regarding diagnostics and treatments provided at our hospital.

You and your pet's comfort are important to us

From our warm and knowledgeable front office personnel to our highly trained surgical staff, our VetSurg Team is dedicated to providing safe and comfortable care for your pet. Our nursing staff is committed to all of your pet's post-operative needs, including overnight care.
