**SAFE, EFFECTIVE, & THOUGHTFUL  
VETERINARY SURGICAL CARE**

We have officially moved into our to new surgical center located at **4839 Market Street in Ventura.**

---

The last two years building our new hospital has been a complex and challenging process. We have carefully navigated through all that is needed to establish a new location that enhances and strengthens our service to the Tri-county community. We sincerely thank all the people, companies, and the City of Ventura for their collective efforts to bring us into our new home. We are grateful and humbled by the detailed dedication of our design, construction, equipment, and technology Teams. Thank you.

Our new hospital is very well situated close to two Highway 101 entry-exits in Ventura and has excellent on-site parking and building access. Our increased client interaction areas, clinical space, and overnight recovery ward allows us to improve the patient and client experience significantly. With two radiology suites, ultrasonography, intraoperative radiology, fluoroscopy, and on-site CT scanning our imaging capabilities are extensive.

## Reception

---

## Outpatient Treatment Area

---

## Surgical Induction

---

## Patient Care / Overnight

---

Our four innovative and advanced operating theaters will allow us to provide cutting edge surgical therapy for our patients. With digital integration of radiology, arthroscopy, fluoroscopy, and in-light 4K surgical site and operating room cameras, the intraoperative surgical viewing is complete.

## VetSurg Open House

---

Please join us at our Open House the weekend of **Saturday 27th and Sunday 28th of April from 2pm - 5pm.**

Veterinary practice members and their family members will be hosted on Sunday April 28th.

We will be hosting our clients and public members on Saturday April 27th.

Please feel free to attend whichever date suits you best.

Guided walk-throughs and light refreshments will be available. Extensive parking is available at the rear of the hospital and our entry is directly off Market St.

# Welcome Back Dr. Rebecca Webb

---

We are very happy to welcome Dr. Rebecca Webb back to the practice after her maternity leave. Congratulations on the birth of your bouncing baby boy, Theodore and we celebrate this wonderful addition to your family.

Drs' Webb, Hilary Ludwig and Ian Gordon Holsworth are all now consulting and performing surgery on a full time basis.

We have increased our consulting availability and surgical procedure capacity with the additional clinical space and look forward to providing timely and comprehensive care to your patients and clients.

---

## We are now offering All-Inclusive Pricing

Continuing in 2024 we are offering All-Inclusive Pricing on our most common surgical procedures. The pricing is weight-based and includes follow up examinations and radiographs, if indicated.

- Arthroscopic-assisted TPLO stifle stabilization
- Patella Arthroplasty
- Laparoscopic Gastropexy with or without spay or castration
- Fracture Repair; simple, standard, and complex fracture pricing dependent on patient weight, fracture location, and configuration

We routinely provide updated pricing lists, practice pamphlets, and infocards for your clients and your hospital. Please contact us via our website to order these materials or email us at [info@vetsurg.com](mailto:info@vetsurg.com) to let us know what you need.

## Dermatology and Ophthalmology Services Now Available in Ventura

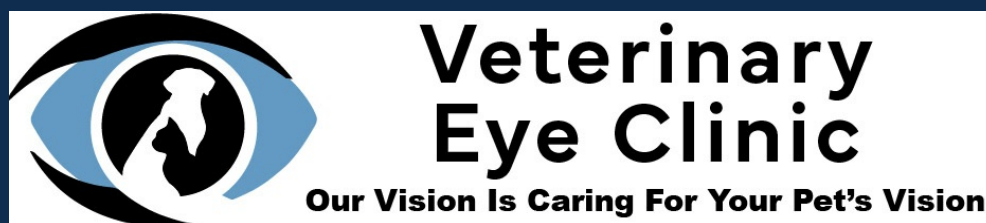

---

Dr. Jean Greek of **Dermatology & Allergy Clinic For Animals** and Dr. Ruby Goldenberg of **Veterinary Eye Clinic** will be consulting out of our office on Fridays.

Dr. Greek's Team has been sharing office space with our Team on Fridays for the last six years. We are happy to continue to offer this service to the pets of Ventura and surrounding counties.

To refer your clients to Dr. Greek please reach out to her office directly at 805-687-3376.

Dr. Ruby Goldenberg and her Team are excited to offer consultations at VetSurg on Fridays starting April 19th.

To refer your clients to Dr. Goldenberg please reach out to her office directly at 805-371-0682.
